The future of commerce at a glance

Planet Trade: the specialist conference for merchants, financial service providers and technology suppliers

#PlanetTrade #eCommerce #futureofpayments

"The best way to predict the future is to invent it." (Alan Kay)

Are you curious about the future of commerce? Would you like to find out how the **customers of tomorrow** will pay at POS and online, and what clever **technological innovations** we can expect in the future?

In honour of the 9th annual Planet Trade, the payment people from Computop have listened to **forecasters and experts** and had a **look into their own crystal ball** in an attempt to answer precisely these questions. You can look forward to seeing the results! Visit Planet Trade in Cologne and we will reveal to you what the future has in store. We'll let you in on a little secret: the future is never determined by happenstance.

We are the masters of our own destiny and we have the power to make decisions and investments that will shape the future as we know it.

- **Keynote Speaker Michael Carl from 2b AHEAD ThinkTank provides us with a fascinating glimpse into the future of commerce**
- **Talks, testimonials, workshops and discussions**
- **Make new contacts and network**
- **Exclusive evening event at the Chocolate Museum Cologne**

Go register now, we look forward to seeing you!

- More information on the specialist conference is available at: **www.planet-trade.com**
